

**Environmental Consultation Requests — Office of Energy Programs,
Tennessee Department of Environment and Conservation**

The Tennessee Department of Environment and Conservation (TDEC) Office of Energy Programs (OEP) provides informational assistance pertaining to inquiries regarding energy policy, energy assurance (excluding electricity), renewable energy, and energy efficiency. For information regarding OEP's programs, please visit our website at <https://www.tn.gov/environment/section/energy>.

OEP does not provide comments on projects seeking TDEC's review through a request for environmental consultation.

What types of projects are suitable for environmental consultation from TDEC-OEP?

None at this time. Providing environmental consultation is outside the scope of services offered by OEP. However, OEP will connect parties with various contacts that may be able to provide further technical assistance. Any requests for information may be submitted directly to Ben Bolton, Energy Programs Administrator, OEP, at Ben.Bolton@tn.gov.
